

BIOLicensing At BioContact

Thursday, October 5th 2006 – 8:30 AM - 4:30 PM
Château Frontenac, room Jacques-Cartier

Bridging the gap between research centers labs and commercial world

Fit the best of class Québec's technologies with your organization's needs,
Merge research lab's focus with commercial sector's interests

Are you looking for real opportunities of business partnership? Come and find it during a technology transfer session at BioContact.

More than 15 Québec's research centers will introduce their best of class technologies of their portfolio. Officers of Technology Transfer will present commercial potential of their technologies.

You could join these persons immediately after presentation or schedule a meeting that could take place in a room especially reserved for this purpose.

Who needs to be there

VP licensing, VP Technologies,
VP R&D, VP Business
Development and any other
person involved in technology
transfer or valorization.
